Aquasun Therapy Treatment

The all-in-one healthy sun and spa experience

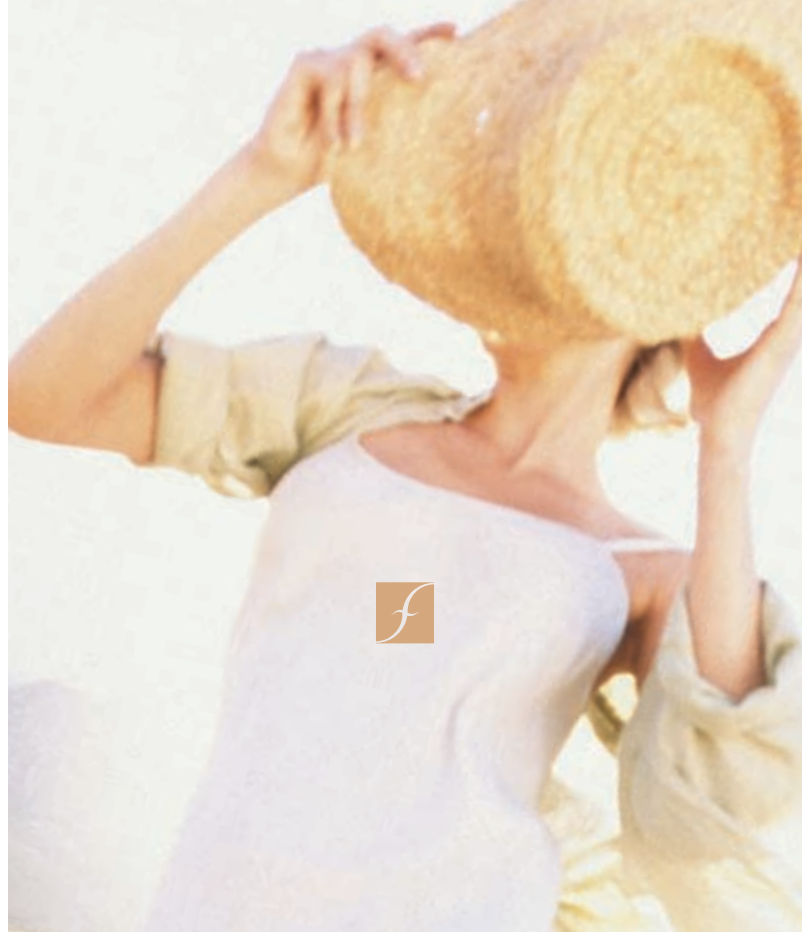

S.A.D is a Depression that starts in the autumn and lasts all winter. But you can fight it!

Seasonal Affective Disorder (SAD) is thought to be due to an imbalance of chemicals in the brain, caused by short days and lack of sunlight. Aquasun Therapy, which was originally designed by the medical profession, is a unique system that combines the sun and spa experience in one, thus helping sufferers.

The concept behind Spa Find Aquasun Therapy is to emulate the less harmful UV sun rays by strong control and filtering, allowing the benefits of UV rays to overcome the negative impact on the skin, combined with bathing in warm Dead Sea mineral water and hot air jets massaging the body with promote a sense of well-being.

Mineral skin nutrition

For many of us it is increasingly difficult to keep our mineral and vitamin levels at the correct balance due to our stressful lifestyles. Did you know that almost every skin condition that we may suffer from is partly due to a mineral or vitamin imbalance within our body? By using Spa Find products the mineral levels within the body can once again begin to normalise and bring our inner health back into balance.
