# spa FIND

## Discover a new line in skin care with Spa Find...

### Mud, salt & spa blends from Mother Earth

New to the world of beauty is the exciting launch of Spa Find... a blend of 21 earth-given minerals and its exclusive- Harmonised Water™. This water is naturally deionised before therapeutic Dead Sea minerals are then added. Harmonised Water™ is used as an active base for all Spa Find products instead of normal purified water, which forms the base for 98% of other cosmetics. Created by leading spa specialists Finders International, Spa Find is the non-comedogenic answer to sophisticated beauty maintenance; enlisting Mother Nature's purest ingredients for a completely different take on skincare.

Unique to the Spa Find range are five key ingredients set to revolutionise and raise standards for the natural beauty market. These skin friendly formulas include:

#### **Harmonised Water™**

Water is the main ingredient in most skincare products. It is therefore vital that its active properties and purity is to a high standard. Spa Find products feature trademark Harmonised Water™, a de-ionised version that has had even the smallest impurities removed before 21 Dead Sea minerals are added.

#### **VMS Complex™**

The active VMS Complex with pure Dead Sea Minerals, Vitamin E, B5 and Chamomile encourages skin restoration and adds a hydrating glow to lifeless complexions.

#### **Body Benefit Complex™**

A refined blend of Aloe Vera, Grapefruit, Mango, Peach, Camelia, Jasmine and Matricaria Flower, this heavenly concoction soothes, softens and penetrates lower epidermis for effective skin renewal. Active ingredients also protect against free radicals.

## Iso-Slim Complex™

A powerful blend of Soy Isoflavones, Caffeine, Carnitine and Spirulina. Combined, this formula is clinically proven to reduce cellulite, skin dehydration and thigh girth, whilst increasing skin elasticity and boosting collagen production.

## Flawless Facial Complex™

Nourishing and healing, this anti-ageing blend is packed with extracts of Yarrow, Coltsfoot, Lemon Balm, Wild Thyme, Horsetail and Marshmallow. For youthful or older skins, this is the perfect anti-oxidant beauty weapon this summer.

Spa Find products do not contain parabens and also use 100% allergen-free fragrances, so those with sensitive skin can use the products with confidence.

The Spa Find range features a wide range of highly refined products for the face and body, be they old, young, sensitive, oily or combination. Customised skincare comes in the form of Renewed Radiance, Balanced Beauty, Perfect Purity, Exquisite Eyes, Heavenly Hydration or Sculpted Silhouette options, ensuring a beauty prescription as bespoke as the individual.
