Earth's Natural Exfoliators Deep Peeling Cream

for a polished, bright,
renewed complexion

Spa Find Deep Peeling Cream was specifically formulated to help accelerate the natural exfoliation of dead skin cells. If dead skin cells are left to build up, it not only affects the appearance of the skin but also can stop the natural renewal growth, therefore causing the complexion to look sallow and unhealthy.

Spa Find Deep Peeling Cream is a natural gentle deep-peeling treatment that refines the skin, removes deep-seated impurities and dead skin cells, thus enabling the Dead Sea minerals to penetrate more deeply, giving the skin a bright healthy glow and smooth youthful appearance.

L O N D O N

Spa Find Deep Peeling Cream is a formulation of Dead Sea Minerals that hydrate the skin, combined with Kaolin which deep cleanses, draws out impurities and gently peels away the old layer of skin, and Paraffin which prevents moisture loss to the skin. Spa Find Deep Peeling Cream stimulates cell regeneration and “enhances” the complexion and is perfect for very delicate skins.

Spa Find offers non-comedogenic, skin-friendly formulas, blending natural de-ionised water with pure Dead Sea minerals (Harmonised Water™) and organic plant extracts. Products contain allergen-free fragrance and no parabens, genetically modified organisms or animal ingredients.

Instructions for use:

Apply a thin layer evenly onto the face and let it dry slightly. Peel with circular movements and remove any excess with damp cotton wool. Use once or twice weekly.

Spa Find Earth's Natural Exfoliators Deep Peeling Cream
125ml kilner jar RRP: £23.00
