### Spa Find Exquisite Eyes Eye Cleanser

A pure double-action gel cleanser that gently removes all traces of eye make-up whilst allowing the absorption of essential minerals and vitamins that moisturise, condition and repair the delicate area around the eyes. Your eyes will feel wonderfully soft and revived. With vitamin B5 and aloe vera to repair and soothe.

### Spa Find Exquisite Eyes Eye and Neck Rejuvenator

After cleansing, apply this delicate yet surprisingly rich cream to combat dehydration and signs of ageing. Heavy doses of minerals promote plumped, vibrant skin tone whilst eyes look alive from the cream's successful ability to soften fine lines. The combination of Dead Sea minerals, Aloe Vera and Olive Oil will ensure skin is softened, hydrated and rejuvenated from the outside in.

### Spa Find Exquisite Eyes Eye Gel

As time goes on, it's good to look after the sensitive eye area where skin can crease and fold from life's events and joys. Use Spa Find Exquisite Eyes Eye Gel to cool and refresh the delicate area around the eye area and deliver an instant moisture surge whilst decreasing fine lines and minimising the chances of new ones. Dark circles and puffiness are addressed through the cream's concentration of Dead Sea water and skin nourishing minerals. In addition, Aloe Vera and vitamins A, E and B5 are excellent ingredients to smooth and brighten.

### Spa Find Exquisite Eyes Eye Mask

Treat your eyes to some well-earned luxury with a Spa Find Exquisite Eyes Eye Mask. Combining a triple action formula, this regenerative eye mask is a wonderful compliment to any eye care regime. Deeply relaxing and with powerful hydrating properties, this mask also contains infusions of Sage and Rosemary to stimulate, decongest and tighten skin.

### Mineral skin nutrition

For many of us it is increasingly difficult to keep our mineral and vitamin levels at the correct balance due to our stressful lifestyles. Did you know that almost every skin condition that we may suffer from is partly due to a mineral or vitamin imbalance within our body? By using Spa Find products the mineral levels within the body can once again begin to normalise and bring our inner health back into balance.

### Where to buy
