Find peace, renewed radiance and a sculpted silhouette with Spa Find's therapeutic and contemporary new range of professional skincare products and treatments. Containing patented **Harmonised Water™** mixed with organic plant extracts, mud, salt and seaweed blends, these exclusive products deliver the purest of spa benefits to rebalance both body and mind.

From the company that first imported the health benefits of Dead Sea minerals to the UK, Spa Find describes the voyage of discovery which a client goes through when they visit a spa and the continuation of that journey at home.

Spa Find... Product line

Spa Find offers a complete range of face and body products that work holistically with the body to rebalance the body and mind. The Harmonised Water base with Dead Sea Minerals works naturally with the body to balance sodium and potassium levels in the cells, restoring the hydration of the skin, thus reducing the signs of ageing, cellulite and other beauty concerns. The organic plant extracts also work naturally with the body for results specific to their product type.

From the Find... Sculpted Silhouette which contains Iso-Slim Complex, a blend of Caffeine, Carnitine, Spirulina and Soy Isoflavones to naturally burn fat, stimulate collagen and lift the body contours to the Find... Exquisite Eyes which contains soothing Aloe Vera plus infusions of Sage and Rosemary to stimulate, decongest and tighten skin, each product delivers immediate results and health benefits. With current health concerns in mind, the products have also been devised to offer non-comedogenic, skin-friendly formulas.

They contain allergen-free fragrance and no parabens, genetically modified organisms (GMOs) or animal ingredients.

The complete product portfolio comprises:

- Find... Renewed Radiance. For dry/sensitive/mature skin.**
- Find... Balanced Beauty. For normal/oily skin.**
- Find... Perfect Purity. For problem skin.**
- Find... Exquisite Eyes. Anti-ageing for eyes**
- Find... Sculpted Silhouette. For cellulite and body contouring.**
- Find... Heavenly Hydration. For deep body hydration.**
- Find... The Earth's Natural Muds & Exfoliators. For exfoliating and deep cleansing face and body.**

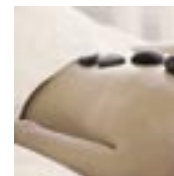

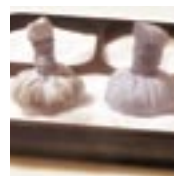

Product packaging is classic and stylish in contemporary earth-based tones to attract the most image-driven client. Soft-touch bottles and tubes along with pumps, sprays and flip-tops make these products particularly user-friendly for both the therapist and client.
